

Public Statement

Cornerstone Reformed Baptist Church (CRBC), Missouri City, TX

Date: November 10, 2022

Subject: Public statement regarding church member Caleb Head's crime

We are aware of the situation regarding Caleb Head, and that charges that have been filed against him, and his arrest on November 15, 2022.

Caleb confessed on August 9th, 2022, that he engaged in sexual abuse of minors. According to Biblical and civil law, this activity is wrong, and CRBC condemns the behavior as sinful and illegal. In NO way does CRBC condone such an activity, it is an egregious sin and crime. A police report was filed with the Alvin Police Department the same day the information became known. The elders of CRBC — as an initial action — have removed Caleb from the congregation as a preventative and protective measure and have called upon Caleb to accept full responsibility for his actions and to place himself at the mercy of the criminal justice system. Caleb is cooperating with law enforcement, and an investigation is currently underway.

Caleb was removed from membership at CRBC on August 27, 2022, according to 1st Corinthians 5:9-13 and Ephesians 5:3. He is no longer a member of the church.

CRBC has been actively ministering to all affected parties, as this is a time of great sorrow.

We are continuing to pray for reconciliation.
